ANNOUNCEMENT

HKECIC Extends the Protection for “Small Business Policy” and 15% Premium Discount for “Online Micro-Business Policy”

The Hong Kong Export Credit Insurance Corporation (HKECIC) today announces the extensions of its free pre-shipment cover for holders of the “Small Business Policy” (“SBP”) by one year to 30 June 2025 and the 15% premium discount for the “Online Micro-Business Policy” (“OMBP”) by two years to 30 June 2026 respectively. HKECIC aims to enhance risk protection for Hong Kong exporters and reduce their costs, supporting them in seizing new business opportunities amidst an uncertain global economic environment.

The SBP is tailor-made for exporters with an annual turnover of less than HK\$50 million while exporters with an annual turnover of less than HK\$30 million are eligible for the OMBP. Interested exporters can apply policy via our 24-hour online platform, EC-Reach.

HKECIC was established in 1966 under the Hong Kong Export Credit Insurance Corporation Ordinance (Chapter 1115). Through the provision of export credit insurance services, HKECIC protects Hong Kong exporters who trade on credit terms with overseas buyers against non-payment risks and helps them conduct export business in a prudent manner. The HKSAR Government provides a guarantee of HK\$80 billion for HKECIC’s contingent liability.
